

## WHAT IS IMPORTANT ...

**Empowering Others:** Success is built on how we help others reach their potential. To achieve this, we must listen with an open mind, provide them with the resources they need to succeed, applying all our efforts to their goals and dreams.

**Integrity:** How we do things is often more important than what we do. Honesty, Trustworthiness. Doing more than what is expected. A proactive approach. We want these to be the hallmark of our work and life.

**Creativity:** Because God has given us a creative mind, the only proper response is to use that creativity in every aspect of our life and work. Constant learning; open ears, eyes and mind; and a love of challenges are fuel to the creative spirit.

**Faith:** An awareness of God's power, love and watchful eye being on us every moment of every day drives our personal and professional behavior. Faith helps us through the toughest times, and serves as a constant reminder of how we are to live and act at all times.
